Attorneys Are Ordered To Be Ready

(Special to the Telegraph.)  
Morrison, Ill., Oct. 31.—All doubt  
that Mrs. Emma Hutton and Miss  
Lillian Byers will be tried in White-  
side county for the alleged murder of  
their brother Emmanuel Byers in a  
hayfield north of Sterling on July 9,  
last, disappeared today when Judge  
Emory C. Graves of the Whiteside  
county Circuit court denied a second  
petition for a change of venue, which  
was filed with him yesterday.

Trial Starts Wednesday.  
The new petition, which differed  
in form from the one presented on  
October 24, was filed Friday and al-  
leges the prejudices of Judges Graves  
and Ramsay. Judge Ramsay yester-  
day refused to receive the petition  
and accordingly Judge Graves was  
summoned here to hear the argu-  
ments.  
He overruled the motion for the  
change and the attorneys were order-  
ed to prepare for the trial of the case  
next Wednesday, Nov. 4.

final big rally of the Republican can beliefs, in addition he is an ora-

Editorial

SOAK THE STATE TAX RATE.

The Telegraph joins with the republicans of this sena-  
torial district in asking you, Mr. Voter, to help send a re-  
publican legislative delegation down to Springfield. We  
want you to vote for Adam C. Cliffe of Sycamore, for State  
Senator; Wm. L. Leech of Amboy, for Representative and  
also F. A. Brewer of Tampico for Representative.

The Telegraph is a business institution. We, like the  
rest of the citizens of this district, want favorable busi-  
ness and living conditions. Our interest in wanting the  
republican senator and representatives elected is that we  
know they can help give this part of Illinois and other  
parts, the things that are needed to make Illinois a better  
state to live in. We are opposed to the extravagant democ-  
ratic administration, along with its inefficiency. We  
think that a tax rate such as Governor Dunne and the  
democratic administration has imposed on the people of  
Illinois—71 cents on each one hundred dollars valuation—is  
exorbitant and wasteful. We do not believe that we are  
getting back the full value for what we pay out. We realize  
that our duty as a newspaper demands that we fight for  
the principles and things that are to the advantage of the  
people. We have seen that the republicans can give us an  
economical and efficient government and that the democ-  
rats cannot. Therefore we are against the election of  
any more democrats and in favor of re-instating the re-  
publicans in power in county, state and nation. We advise  
you to vote the republican ticket straight. Put a cross in  
the circle at the top of the republican ticket and your work  
will be done.

The republican administration, which controlled this  
state for the sixteen years prior to 1912, never had their  
tax rate above 38 cents. The democrats, when they cam-  
paigned this state in 1912, told us the republicans were ex-  
travagant and wasteful. They said the tax rate was too  
high and should be changed. Because of one thing and an-  
other the democrats were put in power in Illinois. Did they  
change the tax rate? Oh, yes, indeed, trustful voter, they  
did. But did they lower it? Not by a large majority; THEY  
DOUBLED IT THE FIRST YEAR. Will you stand for  
that sort of violation of your confidence, Mr. Voter? Will  
you let yourself be made a fool of in that sort of manner?  
We hardly think you will. We believe you are ready to go  
back to an efficient, honest business administration such  
as you know the republicans will give you.

Of course, if the people of Illinois WANT to pay a  
double tax rate and get nothing in return for the increase,  
that is their own business and there is nothing more to be  
said, but if they OBJECT to paying double taxation and  
getting less for their money, there is a way to register an  
effective protest, and that is to elect Adam C. Cliffe for  
Senator and William L. Leech and F. A. Brewer for Repre-  
sentatives. You can make no mistake in doing this. It is for  
your own interests.

TELEGRAPH INVITES  
PUBLIC TO FAMILY  
THEATER TUESDAY

THIS NEWSPAPER WILL SHOW  
ELECTION RETURNS AT THE  
FAMILY THEATRE.

"MOVIES" TOO-ALL IS FREE

a Long Evening.

The Dixon Evening Telegraph has  
chartered the Family Theatre for  
Tuesday evening and the doors of the  
popular playhouse will be thrown  
open to the public for an evening of  
free entertainment by the Telegraph.

The important feature of the even-  
ing will be the election returns which  
will be given in detail by the Tele-  
graph at the Family Theatre. A West-  
ern Union Telegraph wire will cover  
the election in Illinois and other  
states and the Telegraph's local force  
will cover the election in the city,  
county and district. The results will  
be shown on the moving picture  
screen in the theatre.

Many trunk line telephones will be  
installed upon the stage at the the-  
atre and the gathering of the returns  
will be done there, behind the scenes,  
while the fruits of the work are being  
shown upon the screen.

The theatre holds about nine hun-  
dred and we want every seat filled.

Moving Pictures.

Four reels of moving pictures will  
be shown during the evening. The  
titles of the pictures will be announce-  
ed later.

The theatre will be open to the pub-  
lic and will be run free to all and The  
Telegraph invites everyone to take  
advantage of a warm, comfortable  
place to watch the election returns  
and the "movies," and we invite you  
all to come and spend a long and in-  
teresting evening.

Do not come before 7 o'clock, for  
the returns will not amount to any-  
thing before that and nothing of im-  
portance will come until later than  
that hour. We will start the moving  
pictures at 7. The pictures will be  
shown throughout the evening and  
during lulls in the election returns.

Sterlingite Had  
Narrow Escape  
From Injuries

Automobile Turned Turtle  
Near Milk Factory Friday  
Evening

A Sterling man whose name could  
not be learned had a narrow escape  
from serious injury early last even-  
ing when he lost control of his auto-  
mobile, due to a defective steering  
knuckle, and it turned turtle a short  
distance west of the milk factory. The  
car was thrown on top of him, but mi-  
raculously he escaped injury. A num-  
ber of local people returning from a  
drive in the country happened along  
soon after the accident and extricat-  
ed the man from his position under the  
car.

The man left this city at about 6:30  
o'clock and was driving at a moderate  
rate of speed when the accident occur-  
ed. When he realized that his steer-  
ing apparatus was not working he ap-  
plied the brakes and then threw the  
car off a small bank and it turned  
over, pinning the driver underneath  
the machine.

CHRISTIAN CHURCH  
WILL CELEBRATE

NEXT SUNDAY WILL MARK THE  
NINETEENTH BIRTHDAY  
IN DIXON.

Next Sunday will be a special day  
with the Christian church in this  
city. At that time they will remem-  
ber in special way the fact that their  
church was organized in the city just  
nineteen year ago. Visitors are ex-  
pected to add interest to the day be-  
cause invitations have been sent to  
former workers to return and enjoy  
the day and some will respond. Near-  
ly all of the former pastors have sent  
letters to the church to be read Sun-  
day. The church is in a prosperous  
condition and the pastor reports all  
services better attended this fall than  
at any time in the nearly five years  
of his pastorate. All are invited to  
enjoy the day with them.

COMMERCIAL TRAVELERS MEET

The United Commercial Travelers  
will institute their council here on  
Saturday evening, Nov. 7. The coun-  
cil will be known as Dixon Council  
No. 558.

NO BONFIRES ON PAVEMENTS

Many complaints have been receiv-  
ed concerning residents burning the  
leaves and other rubbish on brick and  
cement pavements. There is a city or-  
dinance prohibiting this and provid-  
ing a fine for a breach of it, and the  
authorities say that arrests will be  
made if the practice is not immedi-  
ately stopped.

FIRE THIS AFTERNOON.

The fire department was called to  
the Robert Anderson residence, 916  
West Third street, late this after-  
noon. A bonfire was the cause of the  
alarm and the blaze was extinguished  
without difficulty.

Will You Do Your Duty

Men and women of Lee county, will you perform the solemn duty that  
falls to the lot of every citizen of the United States of America on election  
day and GO TO THE POLLS AND VOTE?

No matter what way you vote; no matter where your interests lie, you  
will fail miserably in your duty to yourself and your community if you do  
not raise your voice on election day by means of a ballot cast in the ballot  
box in favor of men and principles.

There should be a fine a punishment for every citizen who fails to exer-  
cise his or her right of franchise. The right to run your government is a  
privilege that you would be laying down your lives on the bloody battlefield  
for if it were denied you. The right for you to run your government is the  
one great and foundation principle upon which this nation is built. If you  
carelessly fail to use this right; if you willfully decline to take an interest in  
the government of your country the blood will be upon your own head when  
things go wrong. Have backbone and gumption enough to have your say at  
the polls. You are a poor citizen if you fail to do this.

What Reason Is There?

What great political party held the reins of government during the per-  
iod of years when the United States rose from a weak and undeveloped na-  
tion to a place of highest prominence and power among the nations of the  
world? The Grand Old Republican Party. What man is there on the repu-  
blican ticket that seeks election at the hands of the voters in Illinois on Tues-  
day of next week who does not stand the brightest light of investigation;  
who is not an honorable man among his fellow men, and who is not entirely  
capable of fulfilling with greatest credit the duties of the office which he  
seeks? What principle of the republican party's platform is there that is not  
in the interests of good government, sane rule, economical management and  
humankind? What reason on the face of the earth is there that the republi-  
can ticket should not be elected to office with a handsome majority on No-  
vember third? Think it over, men and women of Dixon and Lee county. If  
you give this big problem the study and attention it deserves you will de-  
cide that the thing for you to do if you are to act in the best interest in-  
yourself and all Americans is to put a cross in the circle at the top of the  
Republican ticket and VOTE THE REPUBLICAN TICKET STRAIGHT. Ev-  
ery man on that ticket deserves to be elected.

# Prayers for Help

By WALT MASON

"God bless our army and our navy, and help us knock the blooming gray from Graustark, o'er the way." Thus prays the King of Zenda, nightly, when he takes his gory ax politely, and mingles in the fray. The King of Graustark, worn and bloody, kneels lowly in his royal study, and prays for aid divine: Jehovah, hear a monarch pleading and send the bullets we are needing along our battle line. Send us a raft of swords and lances, if you would multiply our chances to vanquish that sinful crew; Oh, send us guns and smokeless powder, and send my starving soldiers chowder, and send them P. D. Q. "The God of battles must be weary, through all the ages, long and dreary, He's heard that cry of woe; and he is surely sick of seeing the riven souls of soldiers fleeing from blood red fields below. He must be sick of King and Colonel, of ruin, wreck and waste infernal, of charge and shock and thud; of Butcher Caesars and of Neros, of praying kings and braying heroes, and captains drunk with blood. Oh, not in crimson fields distressing will God bestow His sovereign blessing, and not on gory arms; but it will come when soldiers wander from the strife and horror yonder, back to their homes and farms.

## WEEKLY SPORTING LETTER

Associated Press Experts Tell of Interesting Events in the World of Sport -- Live Sporting News From all over the World.

(Associated Press.) New York, Oct. 31.—When the Harvard and Michigan football teams meet in the stadium at Cambridge this afternoon the contest will be as much a battle between coaches as between players. On the Michigan side of the field the western gridiron contingent will be in charge of Houghton, Percy D. Houghton will direct the Harvard campaign. Two coaches of greater fame have not been opposed in football in many years and the struggle between the machines developed and taught by these past masters of gridiron strategy is expected to be one of the classics of the autumn sport.

Although differing widely in personality and methods Houghton and Yost year in and year out achieve warlike results with the material that reports for football at the two great universities which they represent. Houghton is a coach who talks little, thinks deeply and is tireless in action. Once the early season preliminaries are completed Houghton rules the squad with an iron hand. He plays no favorites and his instructions are sharp and to the point. He demands explicit obedience and expects immediate improvement in play once a fault either in individual or the team as a whole, has been pointed out and the proper method explained.

Harvard's head coach is a keen student of football and knows the game both ancient and modern in every phase. He is an autocrat on the field, inclined to be sharp and caustic in his instructions and remarks and a coach who believes in hard practice and plenty of it for both the varsity and second string players. He is quick to detect ability in a candidate and is always looking far ahead, planning his system and plays to fit the type of team material at his disposal. Houghton is inclined to be conservative in his methods of attack although he can and occasionally does devise startling and unusual plays which completely upset the opposing team because of their striking novelty and the cleverness with which they are developed from ordinary formations.

Yost might be aptly termed a football fanatic. Like Houghton, he was a player and a brilliant one in his undergraduate days but has never ceased to absorb and keep up with the rapidly changing game. In fact many of the plays and rules now part of the annual autumn college sport are directly traceable to the Michigan coach. On the field he is much more active and demonstrative than Houghton. He keeps up a running fire of comment and criticism and frequently jumps into line or backfield in order to personally illustrate just how the play he is aiming at should be made. Speed and dash is almost a mania with Yost and his constantly repeated phrase, "Hurry up! Hurry up!" has caused it to be tacked onto his name in the west until the general follower of football believes that he was baptized "Hurry up Yost."

The mentor of the Ann Arbor football teams is particularly famous for the brilliant, daring and unusual plays and football strategy which he works out with the aid of his Michigan eleven. While he knows and teaches all the fundamentals of the game, and the ordinary running and plunging attack, these are but the ground work. Yost rises far above the ordinary football plane. Given the proper material with which to work he builds up a series of skillfully conceived plays which because of their originality cause consternation among opponents and frequent

ly game officials. Yost, however, is a keen student of the rules and seldom springs a play which a careful reading of the regulations will not prove legitimate.

Off the field Houghton and Yost are as unlike one another as they are when in action. Houghton seldom talks football while Yost will spend hours discussing the game in all its phases, illustrating particular plays with whatever objects are handy. He can play a game with eleven chairs or salt cellars, using a hall or a table as the case may be and never fails to keep his audience spellbound as he shifts his team with lightning rapidity. Both coaches are comparatively wealthy and men of business affairs and interests during the months when the football is dead. They coach more for the love of the sports than because of the financial returns although both receive large salaries for their three months' work each fall. While the average spectator at today's game will not see it, there will be a great battle of wits and strategy at Cambridge this afternoon and football experts from all parts of the country will be present to see the outcome.

At the annual meeting of the franchise owners of the Texas Baseball League to be held at Dallas, tomorrow a proposition to reduce the league from an eight to a six club circuit will be considered. Several of the league magnates are said to favor such a move but no forecast on the majority vote is possible. The 1914 season was unprofitable in several cities and it is the idea of those advocating a reduction in the circuit that the lapse of the game at one or two points for a season or more will ultimately improve the professional baseball situation in Texas.

English followers of athletics are using a comparison of the times and distances in the United States, and English track and field championship games of 1914, to prove that the British athlete is regaining his former standard of performance. Out of thirteen events in which a comparison is possible ten of the English figures are better than that of the American records. In two events, however, American athletes hung up the winning figures and continental entrants were responsible for others.

Several major league clubs have been invited to do their spring training at Texas mineral springs resorts in 1915. Waxahachie has been recommended for one of the St. Louis clubs.

Longview, Mineral Wells and several other places are endeavoring to secure the big league clubs for next spring.

JOHN RANDOLPH.

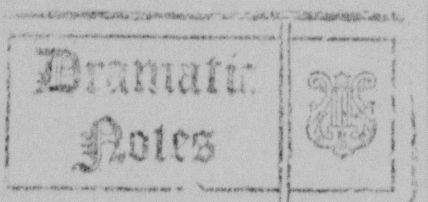

order to read what new reasons John Randolph had found for opposing the administration.

Randolph and John Quincy Adams were the prize insurgents in American history. But Adams insured himself into the Presidency, while Randolph merely succeeded in insuring himself into a lonesome and unbalanced old age. He was a Virginian and his old and wealthy family sent him to William and Mary, Princeton and Columbia, with little success. He insured himself out of these schools and educated himself without the aid of professors. In 1799, at the age of twenty-six, he was elected to Congress for insuring against the Alien and Sedition laws. He helped Jefferson defeat the Federalists and then insured against Jefferson. He denounced the War of 1812 and violent only opposed Monroe, being about the only man on the warpath during the era of good feeling.

When Clay helped elect John Quincy Adams, John Randolph insured some more. He referred to "a combination between Puritan and black-leg" and had to fight a duel with Clay Jackson appointed him minister to Russia and shortly after Randolph insured in the nullification controversy and marched on Jackson with a huge army of large, corrosive words. He denounced slavery and also the Missouri compromise and having been elected to Congress for the 12th time was preparing a new and comprehensive plan of vitriolic opposition to all existing policies when he died, burned out by emotions and drugs at the age of sixty.

John Randolph was a good man, equipped with spines and square corners, who did not fit in his time. He hated slavery and said so — which made his twelve elections to Congress from Virginia a proof of his marvelous eloquence. But he balanced his hatred of slavery by making State Rights his Bible and Constitution. He spent his last days prophesying the sad end of the South if it persisted in extending slavery, and upholding the rights of every sovereign State to snap its fingers at the United States government and tell it to go to thunder. Thus John Randolph was eminently modern on one count and on the other hand would have apoplexy were he to come back today and see Woodrow Wilson of Virginia bossing the sovereign States from Washington.

**FAMILY THEATRE**  
The Isle of Smiles, now appearing at the Family, has been under rehearsal here and the production has been cut down to about one-half, thus giving ample time to show the regular run of pictures, which are always enjoyed. The subjects for tonight are: The Deadly Battle of Hicksville, a comedy, and The Hidden Letter, in two parts. This story is one that will appeal to all picture lovers and has a story that will hold the interest of the spectators from start to finish.

**AT THE OPERA HOUSE.**  
King Baggott in "Shadows" an Imp two reel detective drama heads the program for this evening, nothing in the line of pictures can excel this production. King Baggott plays eleven different character roles in this one picture. It is really a revelation in photography, well worth seeing. "The Actress" a Powers drama is a heart touching romance of the stage, with a moral that appeals to everyone. "A Tale of a Hat," a Sterling comedy. "Nuff Said," concludes the bill. On Sunday we have "The Phantom Light," a "101 Bison" two reel drama, an Indian picture with lots of action and wonderful scenery. "The Proof of a Man" a Victor drama featuring Jack Kerrigan, and "Trapped in a Closet," a Sterling comedy.

**PRINCESS THEATRE.**  
Sunday night the Princess theater will have a program of exceptional

variety in "Jimmy" a Domino feature with Chirli Gottlieb and Mildred Harris in the leading roles. This is the story of a crippled newsboy who is the whole support of the family and in this picture we see how a great surgeon from Europe saves the little newsboy's life by a delicate operation. This is a story of strong human interest. The other pictures are "Nedra" a Beauty drama with Marguerite Fisher and Harry Pollard in the leading roles. This is a weird romance of the wilderness, with a story something new and full of realism. The other picture is entitled, "The Unpainted Portrait." A Melodrama drama exceedingly well acted and an interesting society drama.

with a masquerade party at the home of Edward Doyle on West First street. The house was transformed into a perfect symbol of the Halloween world, with pumpkins, corn stalks, autumn leaves and candles throughout. ### Masquerade Party.

Miss Minnie Johnson proved a most charming hostess last evening when she entertained her Sunday school class at the C. E. Bishop home. There were thirty present all in costume and they proved very amusing as each acted out the character they represented. The house was beautiful in its decorations of Halloween with witches, black cats, pumpkins, autumn leaves and candles in prominent places. Games and music helped time to pass swiftly until time for unmasking and then there was the usual merriment. Miss Vera Vanderhoff received the prize for being the best in costume, representing a witch and Helen Billig as a boy, received the second prize.

The party when led to the dining room were profuse in admiration of the pretty scene. Black cats, yellow and black ribbons and pumpkins made the scene very effective. The center of the table contained a huge pumpkin from which led ribbons to the plates of the guests and contained at the end that person's fortune. The fortunes were read and were both amusing and interesting. Yellow shaded candles were the only light of the evening and made the affair truly Halloween. Many good things to eat were rapidly consumed by the hungry merry-makers and when each departed for home he thanked Miss Johnson very warmly for the very pleasant evening.

WHO'S TO BE SENATOR?

On Tuesday next the good people of this and other communities will (if they are good people) go into the polling places and look over a big blanket ticket. At the heads of three of the columns will appear names of three men who just at this particular time are the center of public attention in the State of Illinois. They are the three candidates for United States Senator: Lawrence Y. Sherman, of Sangamon county; Roger Sullivan, of Cook county; and Raymond Robins, of Cook county. One of the first two of this trio will be elected—Sherman or Sullivan. The republicans claim that Sherman will win, while the democrats insist that Sullivan will come out top man with Sherman second. Somebody is wrong and the mistake will be located when the returns come in.

Raymond Robins, the progressives' candidate, is a side issue in this campaign. Some say he is doing nothing but aiding Roger Sullivan, the democrat, to be elected. Some say he is the tool that Theodore Roosevelt is using in his efforts to destroy the republican party because of the turndown he received at their hands. At the best, he can only injure republican chances. He cannot be elected for the simple reasons that his party members are not sufficiently strong numerically and because he stands for principles that the majority of the voters of Illinois cannot subscribe to. We know that Raymond Robins believes in the principle of Single Tax, which means that he believes that all of the taxes of the nation should be loaded upon the land of Illinois and other states and taken off all other taxable property, such as stocks and bonds, personal property, etc. In other words, the Single Taxers want the farmers and other real estate owners to pay all the taxes of the nation and these taxes, when loaded upon the lands alone, would mount so high that owning land would be a disadvantage. A man could make no money out of a farm if the taxes on that farm were so high they equaled the amount he could get out of the land by farming it.

The farmers and property owners of this state do not feel that their work of developing the land; in increasing the efficiency of the soil, in erecting fine buildings on the land, etc., should be rewarded by having it made valueless to them. They have worked hard for their land and they want to pass it on to their children—not to the government. The Single Tax idea is socialistic and anarchistic in the extreme. Worked out on paper it may appear to have its advantages to the Single Taxer, but we are not ready for any such radical move as yet.

That Raymond Robins is a Single Taxer can be proven. His name appears on the letter-head of the Joseph Fels Fund of America, an organization with a big fund of money to promote the Single Tax. Raymond Robins has been accused of being a Single Taxer. How has he answered it? By evasion. That is all. He says he does not want to confiscate the land. No one says he does. We only say that he is a Single Tax advocate and the idea of the Single Tax is to finally nationalize or get government ownership of land, so it all works out the same in the end. Raymond Robins does not say: "I am not a Single Taxer." No, indeed, he does not, for the simple reason that he cannot, for he is a Single Taxer. He brags about the millions of dollars he has and if it is still as he claims to have gotten it, in the form of gold nuggets, scraped out of the frozen sands of the Valley of the Yukon with his own two hands, no wonder he is a Single Taxer, because under the Single Tax law there would be no tax on gold, or silver, or stocks or bonds or anything else of the like, only on the land of the farmer and property owners in town and country.

Is it necessary to go into the history of the record of Roger Sullivan to tell you that you should not vote for him, the other Chicago millionaire candidate? No. You know enough of the general reputation of the Biscuit King, the Gas Magnate and, to use the esteemed Raymond Robins' own words, "the Corporation Sandbagger," to decide that he is not the stamp of man the fair State of Illinois wants to represent her in the senate of her greatest nation on earth. This state is too important, too big a factor in the nation to brook such a condition.

Roger Sullivan stands for Democracy. He claims to stand for President Wilson, though some have been unkind enough to hint that he stands behind the President rather than for him or beside him.

Roger Sullivan stands for low tariff—tariff for revenue only. He stands for Democracy, which means the South in the Saddle, and the east, north, middle west and west be damned. He stands for a party that has never been able to run this government, although they have made several miserable and disastrous attempts to do so. He stands for a party that when in power brings business depression, low grain price, closed factories, hordes of idle men out of work, bread line longer than the eye can reach. Poverty, idleness, despair and ruin have followed the democratic administration into power this time as always before. The foreign war is all that is keeping grain prices up, and while it lasts it will keep all prices up, all over the world because of the fact that an enormous economic waste is going on. Millions upon millions of men are consuming incalculable amounts of money in one way and another, and producing nothing, while the mills and fac-

ories and fields they should be working in are closed and inactive. Naturally this favored spot on the globe which can still produce is fortunate in being in a position to furnish these vital necessities to the rest of the world, and the scarcity in the world of these products which we have is what is keeping the prices where they are.

But, Mr. Farmer, remember this, that if it were not for the democratic tariff now in force you would be getting MORE for your oats and your corn and your wheat and your forage and the manufacturer would be getting MORE for his products, and the producers, in getting more would be able to pay more for their help and spend more money with the trade. Business in the United States is in a chaotic condition. This winter in Chicago will be the worst Chicago has ever seen because of the hundreds of thousands of idle men who will be in that one city.

What does this nation need? It needs a Republican administration in control. How can we get to that point? By applying First Aid to the injured now and sending Senator L. Y. Sherman back to the United States Senate, and by sending Congressman John C. McKenzie back to the lower house of congress. The major operation can come two years hence, not before. All we can do now is send a republican congress to Washington to do what it can to carry out safe republican principles.

Senator Sherman is a thorough republican and one of the most able senators on the floor of the United States Senate today. He is a great credit to this state of ours. He has done and can do great things for us. He stands for the right principles. That is why The Telegraph asks the people of Lee county to vote for him next Tuesday. We believe it is the best thing for Lee county and the nation itself.

BWARE OF THE TRADER.

The minute a man, be he politician or something else, begins to talk about a trade, you had better get your hand on your pocketbook and pick out your tree, for you can depend upon it that the trader sees something in your possession which he wants and that he has something he doesn't want, and what he is trying to do is to get from you the valuable thing he sees and to unload upon you, in your unsuspecting innocence, something that is not worth so much. If what he was willing to give you for what you give him was as valuable as what you gave him, why should he want to trade? That's the answer.

In every political campaign you hear talks of trading. There is talk now, among the democrats and progressives, and they are trying to get the republicans to trade with them. They have a long list of candidates they are willing to sacrifice. They offer a compromise. Well, if the democrats and progressives can gain anything by trading among themselves, let them do it, although we are inclined to believe that the progressives will come out of the deal with burned fingers and an enlightened knowledge of things political; but it will serve them right, for their greatest cry is against bi-partisan combinations, and here they are in the midst of one. But why should the republicans worry? They didn't expect anything better from their opponents, and the machinations of those selfsame opponents cannot injure republican chances one bit, as long as the republicans keep away from the dangerous fire themselves.

Let every republican beware, and let every republican refrain from making any kind of a voting trade with any democrat or progressive, for he will find out when he wakes up Wednesday morning that his democratic and progressive friends have been playing horse with him and have gotten him to vote for their men but have failed to fulfill their part of the pledge and have voted their own men into office, but none of his.

A. L. GEISENHEIMER & CO.,

There is absolutely nothing to be gained for any republican in trading votes in any other party. The republican party of Lee county, if it sticks together and votes its ticket STRAIGHT is sufficiently strong to elect its entire ticket. If every republican stays by his guns, every republican candidate will be victorious. If the republicans allow themselves to be drawn into a bi-partisan combine of any sort or make any compromises at all, they will be sacrificing their own ticket and will find that they have been so miserably tricked that they will be absolutely ashamed to ever own up to their shameful part in the affair.

Stick to your standard, men. This is a fight for principles. Republicanism must be made supreme if this country is to prosper in the future as it has in the past.

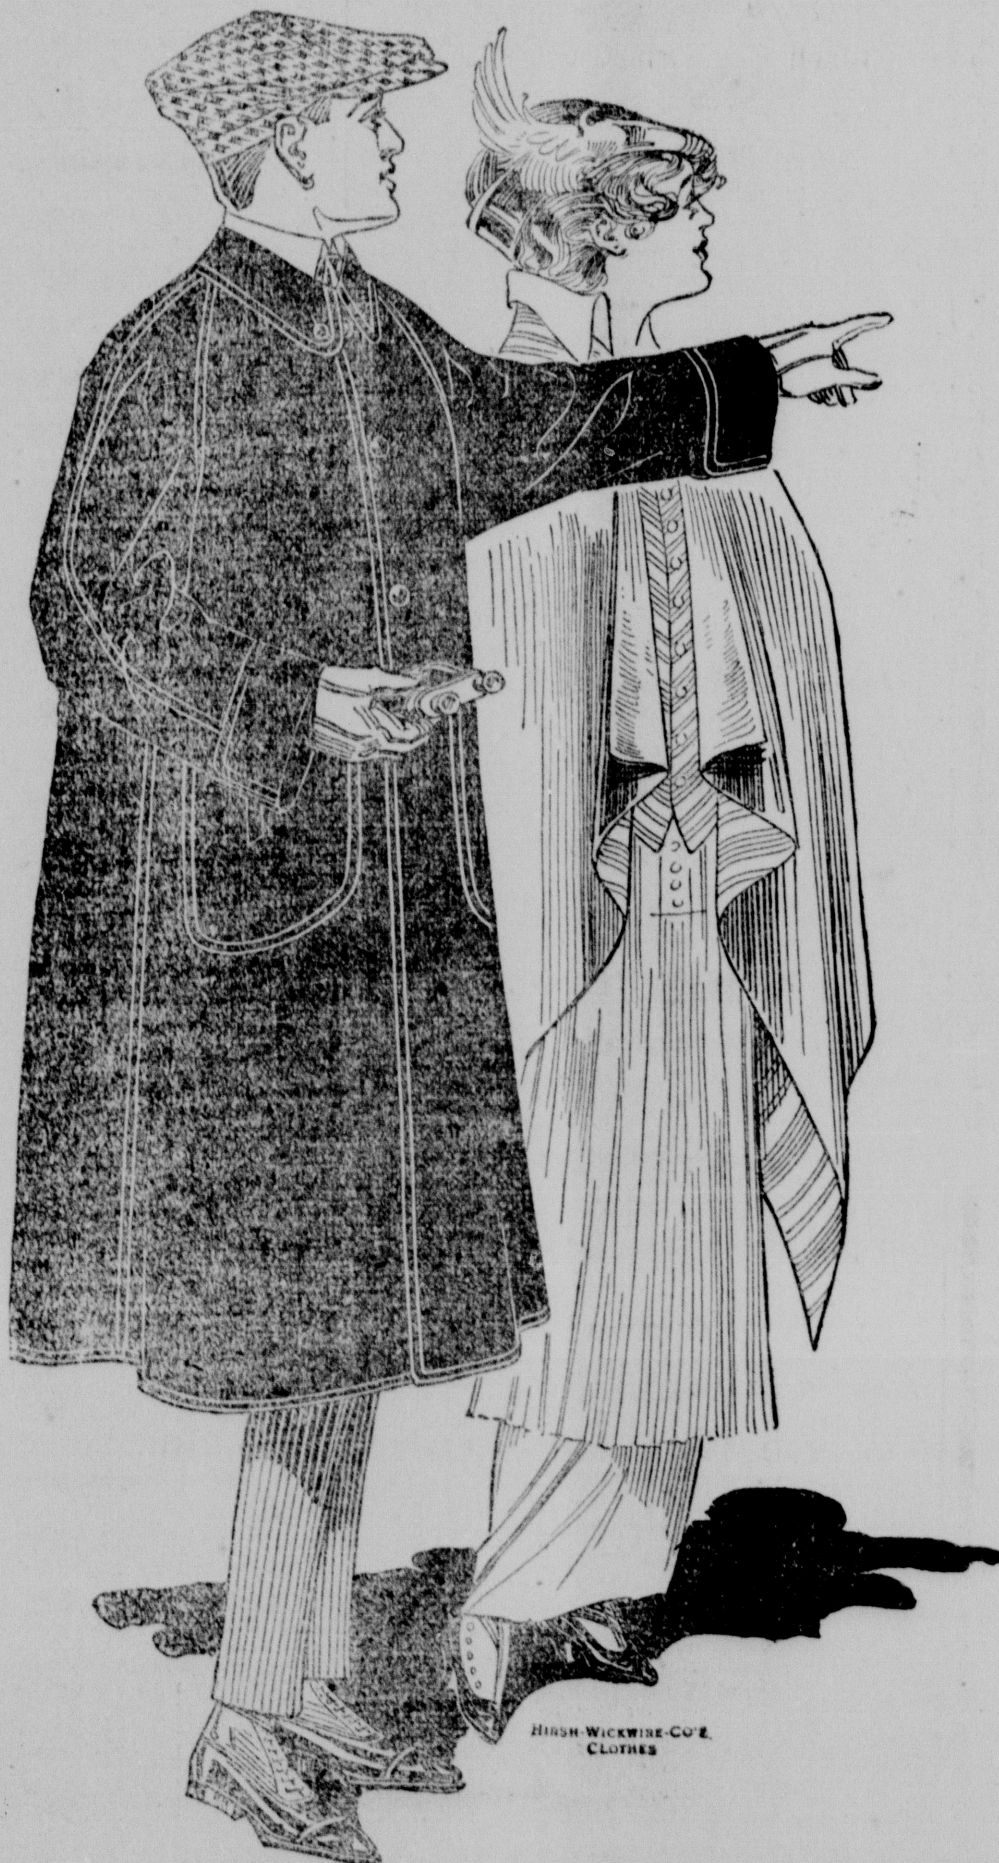

The Fruits of Democratic Politics are Business Depression, Idle Labor, Curtailed Markets, Reduced Revenues, Extravagant Appropriations, Increased Transportation Rates, Special, Direct and Multiplied Taxes and a Higher Cost of Living? What are you going to do about it, Mr. Voter? Will you vote for another democrat, or will you turn to the standard you know from experience to be safe and true and a bringer of prosperity, the Republican Party?

ARMSTRONG FOR JUDGE.

John J. Armstrong, democratic candidate for County Judge, was born on a farm near Apple River, Jo Daviess county. Coming to Dixon in the year 1895, he has ever since made Lee County his home. Mr. Armstrong became a student of the Dixon College and is a graduate of the Normal, Scientific and Commercial Departments. As a leading Lee County teacher for many years he won a wide acquaintance and he made hosts of very warm friends.

Since his admission to the bar, his close attention to business and the care and success with which he has handled it has brought him the respect and the business of a fine clientele.

If a judge is wanted who will be found on the job all the time; if a judge is wanted who will labor early and late; who will be conscientious and faithful, John Armstrong is just the man.—Advertisement.

**SPLENDID MEETING  
AT NACHUSA FRIDAY**

REPUBLICAN RALLY WAS ATTENDED BY LARGE NUMBER OF CITIZENS.

**IN REYNOLDS THIS EVENING**

Final County Meeting of Campaign Will Be Held There This Evening

The citizens of Nachusa township accorded the Republican speakers and candidates a splendid reception at a meeting at the Nachusa town hall last evening. The hall was well filled with representative citizens of that township. The interest shown at the meetings held by Republicans since the opening of their campaign indicates that the voters are flocking back into the Republican ranks.

John Herbst called the meeting to order last night and introduced Attorney H. C. Warner who acted as chairman of the meeting and introduced the speakers. Attorney Warner and Attorney Grover W. Gehant both spoke for some time on the national issues of the present campaign. They discussed the tariff, the enormous appropriations and the creation of useless offices and other questions which concern every voter. Both speakers advised the re-election of Lawrence Y. Sherman to the United States senate from this state. Attorney Warner characterized Ray-burn and Robins as being a single tax advocate and showed a letter which proved conclusively that he is a "single taxer" and a member of the board of commissioners of the Joseph Fels fund to bring about the single tax theory.

**State Issues.**  
State's Attorney Harry Edwards took up and discussed the campaign issues in this state. The increase in the state tax rate, the increase in appropriations, the establishment of new offices and commissions, in order that each man taking active part in the campaign two years ago might be repaid by a good state job. He argued convincingly along these lines for some time and stated that the only method of procedure to bring about an amelioration of these conditions would be to vote the straight Republican ticket, and especially for the legislative candidates. He praised John C. McKenzie, candidate for re-election to congress from this district and Adam C. Cliffe, William L. Leach and P. A. Brewer, senatorial and legislative candidates, and said all of them should be elected by big majorities.

Attorney Warner then introduced the following Republican candidates: John B. Crabtree, Fred G. Dimick, John E. Moyer, R. R. Phillips, E. S. Rosecrans and County Superintendent of Schools L. W. Miller.

A quartette composed of B. F. Downing, I. B. Hoefler, Harry Roe and Fred Hammerstrom were present from this city and rendered several selections during the course of the evening.

**in Reynolds Tonight.**  
The final county meeting of the Republican campaign will be held in Reynolds township this evening and the indications are for another large attendance there. The speakers will be the same as those who have carried the work so successfully during the past weeks, and who have done valiant service for the cause.

**FRENCH CAPTURE  
VILLAGE FROM GERMANS**

Paris, Oct. 31.—A semi-official announcement says the French charge on a village held by the enemy resulted in a victory for the French forces. The enemy left 200 dead and 200 wounded.

London, Oct. 31.—A dispatch from Paris says:

"The news today is excellent. I am able to state on the best authority that the efforts of the allies are being crowned with success. In consequence of the opening of the sluices of the Yser canal, thousands of Germans were caught. Those who escaped drowning were harassed by the allied artillery.

"Some points of extra strategic importance have been occupied by the left wing of the allies, while along practically the whole rest of the front as far as the French eastern frontier the allies' progress continues. The German losses are terrific."

**Will Expel Turkey From Europe.**

Exclusion from Europe is the penalty to be imposed upon Turkey for her entry into war against the allies. Great Britain and France are fully prepared to begin a naval campaign against the port in which the immediate co-operation of Greece is expected and in which Italy undoubtedly will participate ultimately.

Russia has accepted the raid on her Black sea ports as equivalent to a declaration of war and has withdrawn her ambassador from Constantinople.

**PEOPLES COLUMN**

AN OLD REPUBLICAN

Editor Telegraph—It seems to me that the single tax plank in the progressive platform on which Robins is running for United States senator is not receiving the attention it should from the farmers and land owners in town and country.

As I understand the single tax idea it is to assess all taxes on the land value without improvements, thereby letting the manufacturers and merchants of the state of Illinois, with their hundreds of millions of dollars invested in stocks and goods and materials to escape taxation; together with the moneyed man with his millions and all other property of every description to go scot free; also, a vast amount of railroad property, as we would get no taxes from them, except on the value of their right of way.

It would work a hardship on the farmers and small land owners of town and country and the only way to avoid it is to go to the polls Nov. 3 and vote the straight republican ticket. Vote for Sherman, who is opposed to this Henry George single tax dodge in the interest of the millionaires of the country. Let all property pay its equal share of taxes, amend our revenue laws so each and every one shall be compelled to bear his just share of the cost of government, spend the money judiciously, make every public officer render a strict account of his stewardship and all will be well.

Brother farmers, we should steer clear of this hocus pocus single tax idea and its advocates and let them paddle their own canoe and not make a catspaw of us to pull the chestnuts out of the fire.

DEMENTTOWN DOINGS

Honestly now, don't you feel sorry for a lot of fellows who are going to get it in the neck Tuesday? Neither do we.

The Progressives are getting alarmingly generous. They are not going to take every office. No indeed, they're going to let the Democrats have a minority representative. Too bad the Progs didn't put up three candidates for representative in the general assembly, then in their predictions they could have won the whole blooming works.

Incidentally Republicans will vote a straight ticket and then the Progs will be given the opportunity of explaining the ifs and buts.

Goods Returned.

Once an old dandy visited a doctor and was given definite instructions as to what he should do. Shaking his head he started to leave the office when the doctor said:

"Here, Rastus, you forgot to pay me."

"Pay you for what, boss?"

"For my advice," replied the doctor.

"Naw, suh; naw, suh; I ain't gwine take it," and Rastus shuffled out.

A Spoil Sport.

It was a sweet, sad picture, and there was hardly a dry handkerchief in the opera house. But one man irritated his neighbors excessively by refusing to take the performance in the proper spirit. Instead of weeping, he laughed. While others were mopping their eyes and endeavoring to stifle their sobs, his face beamed in merriment and he burst into inappropriate guffaws.

At last a lady by his side turned upon his indignantly.

"I d-don't know what brought y-you here," she sobbed, with streaming eyes, and pressing her hand against her aching heart, "but if y-you don't like the picture, you might l-let other people enjoy it!"

To The Voters of Lee County

In presenting my name to the voters of Lee County and asking to be chosen your treasurer you are entitled to know about my life history. I am a native of Illinois, born on a farm in our sister county of Ogle on September 17th, 1870. Attended country school, later graduating from Rochelle High School in 1889. After assisting my father harvest the crop on his farm I entered the employ of the Rochelle National Bank in September of that year, being the successful applicant of thirteen young men applying for the position. This position I held for three years and two months, resigning at the solicitation of my uncle, Mr. I. B. Countryman, to be associated with him in the mercantile business in Dixon. On February 1, 1896, I was made a partner in the I. B. Countryman Co., later becoming its secretary and general manager until 1910, when I purchased my uncle's interests and have conducted the business as president of the E. J. Countryman Co. up to the present time. I am a charter member and a director of the Union State Bank of Dixon, which was organized twelve years ago. Was chosen member of the Board of Education, serving two years, when I was elected president, succeeding myself as president for a second term during which time the new Seventy Thousand Dollar school house was erected. I have lived nearly twenty-one years an active business life in Dixon, always contributing liberally of my energy, time and money to the upbuilding and welfare of the city and county, and was this year chosen chairman of the Dixon Commercial Club.

During all of this time I have never asked for an office in the county being happy to assist my friends whenever possible to secure for them such offices as they desired to fill. I have always been a consistent Republican until 1912 when I joined the Progressive Party, believing that the Progressive declaration advocates advanced legislation and social justice which is of material benefit to the American people.

In presenting my name to you as a candidate I wish to add that I am very desirous of filling the office of treasurer for one term and respectfully solicit your vote if you feel I merit this compliment from you, and if elected I shall give the office the careful consideration which I aim to give all important business matters, to guard your interests and mine.

Yours truly,  
E. J. COUNTRYMAN.

**ALL PAPERS LAMBASTED HIM**

When He Was "Fired" From Chicago School Board by Mayor Busse.

What the Chicago newspapers had to say of Raymond Robins at the time he was a member of the Dunne school board furnished the theme for a battery of speakers at the Sherman noonday meeting at the Court theater yesterday.

Former Corporation Counsel Edward J. Brundage read the newspaper record on Robins. Editorially he pointed out, practically all of the Chicago papers at that time, including the Evening Post, suggesting that the best service Mr. Robins and his confederates on the board could render the people of Chicago would be to resign and sink into oblivion forever.

What the Post Said. Among the editorial opinions quoted by Mr. Brundage which were printed at the time Mr. Robins and his friends were removed from the school board by Mayor Busse, was the following from the Chicago Evening Post:

"The People of Chicago, especially the parents, will not shed tears over the ousting of the twelve radical members of the school board. The results of the last two years show that radicalism and public school management produce a sorry compound when mixed."

"The retirement of Robins, Post, Mills, et al. will deprive Chicago of some 'picturesque' public characters, but will vastly benefit the public schools. The schools have been rescued from the clutches of faddists and dreamers and education is again to be made their sole plan and purpose."

The Tribune's Comment. The Tribune said: "The twelve members of the school board who have been so summarily 'bounced' by Mayor Busse deserve to be sent about their business because they are unfit to occupy the positions they held."

The Record-Herald had this to say: "Most of them have been trouble makers, utterly incompetent in the management of the schools and the destroyers of all discipline except the discipline by an irresponsible mob of which they were the agents."

How the Journal Feels. The Journal said: "It is to be hoped that Chicago has now heard the last of the freaky, incompetent and impractical persons who have made our public schools ridiculous during the last two years. 'Raymond Robins and the rest will do the city the last service of which they are capable if they will now subside and allow themselves to be forgotten.'"

Mr. Brundage added: "Men are judged by their public record and not their protestations. The only public record of Mr. Robins is a record of incompetency. As a result of a popular demand he was the victim of the 'recall' which he now advocates so strenuously. The United States senate is a great dignified body. It is the highest branch of our lawmaking power. Will Illinois facilitate the business of the senate by sending there a man unqualified to transact the business of the Chicago board of education?"

## VOTE FOR THE MEN WHO STAND FOR YOUR BEST INTERESTS

LAWRENCE Y. SHERMAN,  
Candidate for United States Senator.

### *Vote The Straight Republican Ticket If You Want Prosperity And Good Government Returned*

In Europe today the greatest war in the history of the world is being waged. Thousands of men are engaged in the conflicts, and every one of these brave soldiers on each side of the gigantic battles is fighting for principles which he believes to be right. Fate has decreed that friends shall be on opposite sides of that great conflict, shall be lined up with countless other men, to triumph, is possible, over the ranks in which their friends, and in some cases their relatives, are enrolled. But they do not hesitate—they are fighting for what they believe is the right. Their object is that the army with which they have affiliated shall conquer, even though some dear friends may be among those they seek to overcome.

Next Tuesday the Republicans of Lee county—and The Telegraph believes that the majority of the voters of the county are still firm believers in the protective, prosperity-producing principles of the Republican party—will be called upon to battle with two foes, the Democrats and the Progressives.

Many Republicans have been asked to vote for certain men on the other two tickets because of personal friendship. But the Republican who weakens the strength of his party by failing to vote the straight ticket, and thereby show his absolute belief in the Republican party, is no more dependable than the soldier who, when the command, "Fire," is given, fails to pull the trigger because he knows he has a friend in the opposing army.

The battle next Tuesday is to be one of principles, not of men. Let there be no deserters.

Thursday, Sept. 10, A D 1914  
State of Illinois, County of Lee, ss.

On Thursday the 10th day of September A D 1914, at the hour of two o'clock in the afternoon, the board of supervisors of Lee county, Illinois, met pursuant to adjournment.

Present same as on Tuesday. The minutes of Tuesday's proceedings were read and approved by the board. Two petitions from the commissioners of highways of the town of Harmon asking for county aid to construct two bridges in said town being read to the board by the clerk, upon motion of Supervisor Grove said petitions are referred to the road and bridge committee.

The county superintendent of highways and W. E. Hopkins, highway commissioner of the township of Hamilton, present to the board their report in relation to the erection of the bridge known as the Dunn bridge in Hamilton township, said report is in the words and figures following:

Dixon, Ill. Sept. 9 1914.  
To the Board of Supervisors, Lee County, Illinois.

Gentlemen:  
Your undersigned bridge committee for the erection of the "Dunn Bridge" over drainage ditch No. 1, Hamilton and East Grove townships, on the line between Section No. 24, Hamilton township, and Section No. 19, East Grove township, would submit their report as follows:

The work is now done and your committee has approved of the same.

The bridge is a steel structure of 27 foot span and 16 foot width, with abutments and windwalls of concrete. It was built after plans and specifications furnished by the state highway commission.

After due advertising your committee let the contract to C. W. Wilson of Walnut, Ill. at a cost, above the piling, of \$695.00 of 50 cts. per lineal foot for piling and \$9.00 per cu. yd. for any concrete used below the piling.

Mr. Wilson's bill for the complete work, and which we have approved, is as follows:

Concrete price for work above piling line ..... \$625.00  
Concrete footing 12.4 cu yds at \$9 ..... 111.60  
Extra digging, approved by the committee, to give the bridge a better position ... 50.00

Wilson's total charges ..... \$856.60  
Less a credit for planking supplied by the drainage district 15.00

Leaves Mr. Wilson's net charges ..... \$841.60

We find the total cost of the bridge

as follows:

Mr Wilsons net bill, as above shown ..... \$841.60  
B G Reed as inspector 7 days at \$2.50 ..... 17.41  
Dixon Daily News, advertising in 2 issues ..... 4.50

Total cost ..... \$863.50

The bridge being built by "county aid," Lee county and Hamilton township each pay one-half or \$431.80.

We accordingly recommend that said county and said town each make payment as follows in full settlement of the foregoing claims:  
One-half of contractors bill ..... \$420.80  
One-half of inspectors bill ..... 8.75  
One-half of newspapers bill ..... 2.25

Total ..... \$431.80

It will be interesting to note that the bridge which as by this report has cost in all \$863.50 was estimated by the state highway department at \$950.00.

Respectfully submitted this 9th day of Sept. A D 1914.

DUNN BRIDGE COMM.  
L B Neighbour,  
Lee County Supt Highways.  
W E Hopkins,Single Highway Commissioner Hamilton Twp.

On motion of Supervisor Edwards said report is received and approved by the board and the clerk of this board is directed to issue orders as follows, to-wit:

To C W Wilson for Lee county's portion of cost of bridges ..... \$420.80  
To B G Reed for inspector of work on bridge ..... 8.75  
To Dixon Daily News, 1-2 cost of notice to contractors ..... 2.25

\$431.80

In the matter of the repairing of the approach to the Grand Detour bridge coming up for consideration before the board, on motion of Supervisor Edwards the states attorney was directed to procure an opinion from the attorney general construing the Tice law in such cases and the county superintendent of highways is authorized to abide by said decision.

On motion of Supervisor Grove board adjourned until tomorrow morning at the hour of 9 o'clock.

CANDIDATES OF MERIT.

The Republican ticket presents a list of candidates that is without question the best ticket in the field today, and it is not saying too much to declare that the present Republican ticket is the best ticket that has ever been presented for the consideration of the voters of this county and district.

Lawrence L. Sherman, candidate for re-election for United States Senator, is the only candidate in the state that is fitted to do honor to Illinois, or to wisely, sanely and capably represent this state in the Senate chamber of the United States of America. It would be a public calamity if Roger C. Sullivan, democratic manipulator, whose past records have been given so much publicity that it should be necessary to caution the voters against him, and Raymond Robins, millionaire dreamer, socialistic democrat, one-time free trader and now a single taxer, should either one be elected to the United States Senate from this or any other state. The voters of Lee county should remember when they go to the polls that a vote for Robins means a lift for Sullivan, for Raymond Robins will be the third man on the ticket, no matter who is elected.

Andrew Russell for State Treasurer and Francis G. Blair for State Superintendent of Public Instruction are the candidates for those offices that should be elected. B. M. Chipfield and J. McCann Davis are the two republican candidates for Congressman at Large and they should receive the solid republican vote.

Christopher C. Duffy is the candidate from this, the second, district for Clerk of the Appellate Court. Chris Duffy is an old Lee county boy and has faithfully performed the duties of clerk of the appellate court for many years. He should and will be re-elected and he is one of the men for whom the women of Lee county can vote.

John C. McKenzie, present congressman from the thirteenth district, is a candidate for re-election on the republican ticket. John C. McKenzie is a thorough republican, but he is first a man and an American and he can be depended upon to creditably represent his district and wisely use his influence in the lower house of congress in Washington in the future as he has in the past. McKenzie is a statesman of the highest order. He is honorable and fearless and strikes from the shoulder for all things which he believes are for the betterment of his constituents and the nation as a whole. He stands for the policies and principles and politics that have made this nation what it is. Merit will win and that means that John C. McKenzie will win re-election at the hands of the voters of this district. He will have even more than his former splendid vote in this county.

Adam C. Cliffe is the candidate for State Senator from this, the thirty-fifth, senatorial district. He is a republican and an honest man and will battle fearlessly for the good of his people at home and the state at large. Mr. Cliffe is a native of DeKalb county and by the rules of reciprocity, DeKalb county is entitled to the senatorship this term. Mr. Cliffe's campaign is being made on principles that are republican, humanitarian and advanced. The residents of Lee county, as well as the two other counties in the district, can depend upon it that Adam Cliffe will represent them in Springfield in a way that will be a compliment to their good judgment in sending him there and will be a big benefit to themselves.

For Representative at Springfield, the republicans have two most excellent candidates, both of whom should be elected. William L. Leech of Amboy, Lee county, is one candidate and F. A. Brewer of Tampico, Whiteside county, is the other. Attorney Leech, President of the Amboy School Board, City Attorney of Amboy and Secretary of the Lee County Fair Association, has shown his ability and worth. The positions of great trust and responsibility that he holds in his own community show what the people who know him best think of Mr. Leech. Mr. Brewer has been chosen chairman of the Whiteside County Board of Supervisors and has been connected with the Whiteside County Fair. He is at present principal of the High School in Tampico, Whiteside county. Both of these men should be sent to Springfield.

For the important office of County Judge of Lee county, the republican ticket proudly offers the name of Attorney John B. Crabtree, a worthy son of a worthy sire, and a man highly equipped to carry out the exacting duties of the office which the republicans of Lee county wish to put him in. The qualities that are needed in the county judgeship are honesty, good common sense and a knowledge of law. There is no candidate on any of the county tickets who can as well answer to these requirements as John B. Crabtree. Remember, voters of Lee county, the office of county judge is a very important one. It has to do with the settling of the estate of every one who dies and leaves an estate. It concerns the women and the children, and the county judge should be picked out for his qualifications before his politics are considered. Attorney Crabtree has been a lifelong republican and should have the united support of the party, but he is something more than that and he should have the unanimous support of all the voters of Lee county.

Another extremely important office which will be filled at the election November third is that of County Clerk and the republicans are fortunate in having as their candidate a man who is so admirably equipped to handle the complex and important duties of that big office. Fred G. Dimick has been an honored citizen of this county all his life. Of his qualities as a man and a citizen it is unnecessary to speak, for everyone who has ever known Fred Dimick knows him for the true and noble American citizen that he is, and his friends are legion. As a candidate for the office of County Clerk, Mr. Dimick's qualifications give opportunity for the greatest of praise for (and remember this statement), in all of Lee county there is no man who is as capable of carrying for the office of county clerk in the same efficient manner in which it has been conducted in the past than Fred G. Dimick. The reason for this is that for many years Fred Dimick has been deputy county clerk under Will Thompson, until now he knows every smallest detail of the office and the running of this important branch of the county government is second nature to him. For the general welfare of the smooth legal procedure of the wheels of government in this county and for the continued standard efficiency of the county clerk's office, if for no other reason, Fred Dimick should be elected county clerk of Lee county this fall.

John E. Moyer is the republican candidate for County Treasurer. John Moyer is well known to the voters of the county and they know him for what he is, an especially capable man. He is a hustler and is honest and will conduct the affairs of the county treasurer's office in a manner that will be a credit to the county and a pleasure to the citizens who have to transact business with that office. John E. Moyer is "efficiency" personified. He is in such a position that he can devote his entire attention to the duties of the important office and can best serve the people of Lee county. Those in Lee county who have the interest of the county at heart should not only make up their mind to vote for John Moyer but should take it upon themselves to get out among their friends and neighbors to work for him and the rest of the republican ticket.

Robert R. Phillips, the present deputy sheriff, is the republican candidate for sheriff. Mr. Phillips is considerably in the same position as Fred Dimick, the candidate for county clerk; he is in command of every detail of the workings of the sheriff's office and this alone is a great advantage that the voters of the county should be quick to seize, for Phillips can give a greater amount of efficiency. He is fearless and capable and an ideal sheriff, as his actions during his term as deputy have shown. This man has shown himself to be a worthy candidate and a man who can fill the office in a way that will rank up most favorably with the way that the county has been in

the habit of having its sheriff's office taken care of.

L. W. Miller, County Superintendent of Schools, has shown the people of Lee county what can be done in the way of advancing education in country and town. He has done this to such an extent that he is without opposition at the coming election, but just the same, the voters of Lee county, voters of all parties, will put a square in the square opposite the name of L. W. Miller, just as a compliment to him and an assurance, though none is needed, that his work in this county has been appreciated. Professor Miller has gained a statewide reputation for the way in which he has advanced school conditions here.

Edward S. Roscerans, the republican candidate for Circuit Clerk, is a young man of such commendable qualities that his name adds a great deal of strength to the already splendid list. Mr. Roscerans lives in Ashton. He is especially capable and fitted for the office of circuit clerk and his election will assure that the office will be conducted in a highly intelligent manner. Mr. Roscerans has never been in politics and thus has not become as well known to the people of the county as many of the other candidates, but the people of his own town are solidly behind him and wherever he has made acquaintance about the county during his brief campaign he has made a most favorable impression. He is of sterling worth and is the man Lee county wants for that position.

Fred W. Leake of Amboy is the republican candidate for county surveyor and he is amply equipped with the necessary qualifications to fill the position creditably.

The entire republican ticket is perfect. There is not a man in the list that could be improved upon. If the people of Lee county would further their own interests, they will vote the republican ticket straight.

THE DEMOCRATS OUT AND THE DEMOCRATS IN  
Startling Inconsistency of the Democratic Party When Campaigning and When in Power.

An interesting analysis of the Democratic inconsistency was brought before the house by Congressman Fess of Ohio. The following is part of the tabulation:

MERCHANT MARINE.	
Democrats Out. Oppose government assistance in the rebuilding of a merchant marine.	Democrats In. Administration lends American flag to Standard Oil company and U. S. Steel corporation and United Fruit company, owning 20 vessels, foreign built and foreign operated. Democrats lend them our flag.
INDUSTRIAL CONDITIONS.	
Democrats Out. In time of Republican prosperity, Woodrow Wilson declared prosperity was limited to the big organizations.	Democrats In. When the Democratic tariff law paralyzed business, Woodrow Wilson said the paralysis was not real but merely "psychological."
HIGH COST OF LIVING.	
Democrats Out. Declared tariff was the cause of the high cost of living and said revision would reduce it.	Democrats In. Revised the tariff and the cost of living is going higher and higher.
DEMOCRATIC ECONOMY.	
Democrats Out. Pledge themselves for economy and charge Republicans with extravagance.	Democrats In. Expenditures authorized and proposed by the Democratic administration this year exceed the expenditures of the corresponding year of the last Republican administration by over \$100,000.
WAR VETERANS.	
Democrats Out. Pledge themselves to a generous pension policy.	Democrats In. Dismiss and demote veterans from Washington departments without cause.
RULE OF THE PEOPLE.	
Democrats Out. Demanded a return to the "rule of the people."	Democrats In. During their brief control of the house of representatives, Democrats bring in 52 "gag rules," forcing their measures through and shutting off debate.

CURRENT COMMENT

Monmouth Atlas: Mr. Voter, it is up to you to "shoot to kill" when you come to cast your ballot on Nov. 3rd. This senatorial contest is between Roger Sullivan of Chicago and Lawrence Y. Sherman, formerly of this senatorial district. Mr. Sullivan represents Chicago and all the evils of Free trade, with "The South in the Saddle." Mr. Sherman represents the down state in Illinois and protection to American farms and American factories and homes.

Petersburg Observer: In saddling this war tax on us, the democratic leaders go on the theory that while you can't fool all the people all the time, there's millions in fooling part of the people part of the time.

Lincoln News-Herald: Progressive democrats must down Sullivanism, or Sullivanism, along with Murphyism and "aggarism" will down the democratic party. No party can stand for such and expect the voters to stand by it.

Lincoln News-Herald: A prominent Logan county Democrat said not long ago, "What I wonder, would Sullivan do for campaign talk, if Wilson was not in the white house?" That's exactly what every other thoughtful Illinois voter is wondering these autumn days. Have you stopped to canvass the speeches of Sullivan himself, of Dunne, Lewis, Malone, Percy and all the rest who are talking for Sullivan in this great state. This newspaper offers to congratulate any man who can show a solitary argument sensible enough to bear close inspection, put forth in behalf of the Chicago boss except the "promise" that "he will support Wilson."

Peoria Star: It was thought when Robins started on his campaign that his strength would be drawn largely

from the Republicans, and the Bull Moosers were making loud professions as to their strength. It appears, however, that Robins is in the field to beat Sullivan. The war tax will diminish the Bull Moose vote and now this unexpected defection in the ranks of the democrats has occurred, the prospects look bad for Roger.

Mattoon Journal-Gazette: Our Democratic friends are beginning to see the other side of the Progressive joke. It was mighty funny as long as the Republican party was being made the target, but right now Roger Sullivan and other candidates on the Democratic ticket are serving as targets for the Progressive batteries and it is not so funny to the Democrats. This looks like a Republican year.

Bunker Hill Gazette-News: Those Democrats who cannot vote for Sullivan had better vote for L. Y. Sherman. The fight is now between Sherman and Sullivan. Sherman will be elected, hands down, without Robins as a representative in the Democratic Aid society.

Decatur Herald: Of course it's not to be denied that in some ways war is good for a nation. We doubt, for instance whether many birthday parties for lap dogs are being held in Germany and England.

Peoria Transcript: Two batteries of democratic orators will campaign for Raymond Robins in thirty Illinois counties. Quick, colonel, quick, a bi-partisan alliance.

NAVY GIVEN UP BY BRITISH

J. McCann Davis.

The son of admiral von Tirpitz German minister of the navy, was captured by the British in the North Sea, and at once his father was notified that he was safe. Later he was returned to Germany.

Centralia Review: Every element of the Republican party stood solidly together against the hundred-million dollar tax which President Wilson ordered on the people to make up for the extravagance of his party in congress. Orders from the white house were to rush the bill through the house, so to prevent discussion. The "gag rule" was employed and the talking body of Republicans, standing shoulder to shoulder, went down fighting against the overwhelming odds of the Democratic majority.

Quincy Whig: The Democratic campaign text book attempts to claim the adoption of the constitutional amendment for direct election of the United States senators as a Democratic achievement. The fact is that this amendment was achieved by the efforts of Senators Borah of Idaho, and Bristow of Kansas, over stubborn opposition from southern senators and representatives who were bent on resurrecting the ancient and discredited doctrine of "states' rights."

Franklin S. Catlin of Chicago, candidate for clerk of the appellate court, first district of Illinois, was born in Chicago September 16, 1876, and educated in the public schools, Chicago Manual Training school and Northwestern university. He served two terms as Republican representative from the Thirty-first senatorial district. The Legislative Voters' league made the following reports as to his record:

"1912—Has served one term in the house, taking rank as one of the most fearless and aggressive friends of fair play and good government. Such men as he are needed in the legislature."

"1914—Ending his second term. Honest, aggressive and high-minded. An able representative of whom his constituency should be proud."

# FACTS POLITICAL, WITH FIGURES INTERESTING AND CONCLUSIVE

Since the presidential election in November, 1912, much conflicting information has been disseminated regarding the political situation in Illinois, and throughout the country. The best way to get the real truth is to study the results of the registrations, primaries and elections that have been held since that time. Cold, official figures tell the story better than words. There can be no way of going behind these figures.

## Let The Official Figures Speak For Themselves---All The Way Across The Country

NEW YORK.			PENNSYLVANIA.			MAINE.			ILLINOIS.			MINNESOTA.		
The reported result of the New York state primary, held Sept. 28, 1914, and a comparison with the 1912 vote of that state follows:			The official result of the 1914 primary in Pennsylvania and a comparison with the 1912 vote follows:			The official results of the Maine election, held Sept. 14 1914, and a comparison with the presidential vote of 1912 follow:			The official result of the Illinois primary, held on Sept. 9, 1914, compared with the 1912 voter in that state follows:			The official results of the 1914 Minnesota primary together with the vote of 1912 follows:

The Progressives of New York, Roosevelt's home state, had a warm contest for the gubernatorial nomination between Sulzer and Davenport and in spite of this, the total vote fell off 92 per cent, compared with their 1912 vote.			Republican gain 21 per cent Democratic loss 52 per cent Progressive loss 83 per cent Recently the Progressive nominee for Governor of Pennsylvania withdrew in favor of the Democratic nominee.			After California, Maine was the strongest Progressive state in the country in 1912. They carried seven out of sixteen counties.			The Progressive vote in Cook County was but 7,391, less than one-twentieth of what it was in 1912. The returns show that this party has disappeared in a number of Illinois counties.			The Progressive vote was not large enough to get the ticket of that party on the official ballot for the November election.		

At any election if you heard such returns from these five states you would KNOW the result. If the above figures do not convince you, read still the following:

NEW JERSEY.			IOWA.			MICHIGAN.			OREGON.			NORTH DAKOTA.			INDIANA.		
The official result of a special election held in the Seventh Congressional District of New Jersey on April 7, 1914, and a comparison with the 1912 vote in that district follows:			The official result of the 1912 primary in Iowa and a comparison with the 1912 vote in that state follow:			Figures compiled by the Michigan state board of canvassers on the recent state-wide primary, together with a comparison of the presidential vote in Michigan in 1912 follow:			The official result of the 1914 state primary in Oregon together with the vote of 1914 follow:			The official results of the 1914 primary in North Dakota together with the 1912 vote of that state follow:			The 1914 primary voting in the six largest counties in Indiana, containing the cities of Indianapolis, Fort Wayne, South Bend, Gary, Terre Haute and Evansville, indicate how the Progressive party has gone to pieces in this state. There is but one possible conclusion: THE VOTERS ARE DETERMINED TO RETURN THE REPUBLICAN PARTY TO POWER AND BRING TO THE NATION THE PROSPERITY TO WHICH WE ARE ENTITLED.

## NOTHING CAN PREVENT IT

The Citizenship of Illinois is not different from that of other States; and in November this Citizenship will speak in terms just as certain—and the Republican party will again give to Illinois the efficient, economical government which we deserve.

Illinois will again prove to the country that in

Your committee would also report that they have visited and inspected the following farms:

The Hall, Gooch and Fordham farms on the north side of the river in Palmyra township.

The Messer, Brookner, Hutchinson, Wadsworth, Kindig and Hill farms in the vicinity of Dixon and the Vaughan farm near Amboy. Some of these farms are considered by your committee large, others too small, and others not a desirable location.

We also had under consideration the proposition to buy forty-three acres adjoining the present county home on the east for seven thousand dollars. This 43 acres added to the present county home, would make a home of 140 acres.

After a thorough consideration of these different propositions your committee have decided to submit this report without any recommendations.

## BACKACHE IS A WARNING

## DIXON PEOPLE SHOULD NOT NEGLECT THEIR KIDNEYS.

Backache is often nature's most frequent signal of weakened kidneys. To relieve the pains and aches, to remove the lameness when it arises from the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Here is convincing proof of merit. It comes from this locality. Mrs. J. H. Boehm, 206 Fourth Ave., Sterling, Ill., says: "We have used Doan's Kidney Pills off and on for years, and think they are the best kidney remedy to be had. Although I never had occasion to use Doan's Kidney Pills myself, I can confirm the public statement I gave some years ago in their favor. One of the family had trouble from his back and kidneys. The kidney action was irregular and his back hurt him. Finally, he used Doan's Kidney Pills, procured at Perry's Drug Store, and they gave him relief."

The above is not an isolated case. Mrs. Boehm is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Boehm recommends. See all stores. ## PREPARATION OF THE SEED BED FOR WHEAT.

By J. W. Mencereth.

With wheat, as with many other crops, the proper treatment of the seed bed may be considered half the battle. As wheat is not cultivated after seeding, whatever cultivation is necessary must be done before the seed is put into the ground. If the rotation practiced is corn, wheat, and clover it is very evident that a different method of preparation is required than where the wheat follows oats in a corn, wheat, clover rotation.

It is not necessary to plow the ground when seeding after corn. If the corn seed bed has been made fine and firm and well cultivated during the summer so that the land is free from weeds, labor and expenses will be reduced to a minimum in preparing the seed bed in the autumn. All that will be necessary is to run the harrow over the field and then drill the wheat. On many farms, in the corn belt, a one-horse drill is used and the wheat is drilled in the standing corn. Then during the winter the stalks are removed or better still, they are rolled and dragged down so as to act as a mulch for the wheat and young grass.

When wheat follows oats it is necessary if a maximum crop is expected, to prepare the seed bed as early as possible after the oats are cut. It has proven very profitable to first disk the land. Then plow and harrow down the newly turned soil so as to prevent the escape of moisture. It is desirable to harrow the land once a week or at least after each rain until seeding time so as to retain the moisture that is in the soil. By disking before plowing the soil is made fine in the bottom of the furrow and the capillary attraction is not broken and a firmer, finer seed bed is also secured.

The land should be plowed from four to six inches deep and then the bed should be made firm by dragging and harrowing. A farmer says, "No worse feature can exist in a newly sown wheat field than one in which the foot sinks." By plowing early and maintaining a dust mulch, all the moisture is maintained in the soil and then when the seed is sown it germinates at once. From one to several weeks will be gained in the germination and growth of the crop by a thorough preparation of the soil. The Kansas Experiment Station found a net gain of \$17.22 for land that was plowed July 15 and then kept well worked till seeding time, over land that was not plowed until September 15. Perhaps there would not be such a great difference in the more humid climate of the eastern states, yet even here it will pay the farmer to prepare his seed bed thoroughly, prepare it early and keep it well cultivated. After the wheat is drilled never drag or roll the land. Leave the land as the drill has left it with the small ridges intact. These will mold down during the winter and feed the roots of the young wheat and grass and thus prevent their freezing out during the freezing and thawing weather of winter and spring.

## FEEDING SOILS BY THE SQUARE ROD.

(From the Breeders Gazette.)

A farmer who is not more able than most farmers to spend money on land, found that on his soil the use of certain fertilizing materials gave profits. The next question was as to the amounts that he could use to yield returns. In pursuing this investigation he learned to take his acre apart and think of it as having 160 square rods. He made the rod his unit and asked: "How much bone-meal or acid phosphate can I use with profit to the square rod?" It did not take him long to get away from the ridiculous practice of using a pound of fertilizing material to a rod of soil. Then he tried five pounds and obtained larger profits, and for an alfalfa crop he tried ten pounds and even 12 pounds to the rod and secured better and more lasting results. "High fertilization of alfalfa takes some investment," he says, "but my experience is that for each dollar I invest I get back from two to four, with more coming in years ahead. I would be ashamed to put less than three pounds of bone-meal or phosphate to one of each square rod of alfalfa."

Note—An application of 160 pounds of fertilizer per acre, looks still smaller when you consider that it means only one pound to the square rod, or six one-hundredths of an ounce to a square foot.

Wouldn't it be well to try a small patch with five times this much plant-food applied, and another with eight times? That is the way to see for yourself.—The Editors.
